22nd June 2020

Dear Parents and Carers

RE: COVID-19 Update 22nd June 2020

Wider re-opening of schools' provision

- Our second week of year 10 provision has started well with very high numbers of students signed up compared with many other schools. Thank you for your support with this, we have been really pleased with the response.
- We are now also part of a very exciting Maths catch- up project to support a number of students in year 10. If you have received a letter about this, please complete the survey as soon as possible so that we can organise the equipment needed.
- Year 7-9 engagement meetings with Teaching Assistants and Pastoral Leaders are also starting up this week. Appointments have been made individually through those members of staff contacting families directly.

Childcare Provision

- Following our issues with the internet and phone lines on Friday, we now have these back up and running, albeit with a reduced service. This should not cause any problems, however, so please get in touch with the office via the normal routes if you need to.
- If you fit the government criteria for keyworkers, have a child with an EHCP or who would be deemed 'vulnerable' according to the published criteria and need a childcare place at school, **please ring the school office in the first instance** and we will try to accommodate families on an individual basis. We have extremely limited availability and will not be able to put on any further additional groups. As we now have more children on site, we will have to treat applications on a priority basis.
- If your child currently has a place and you no longer need it or could reduce the days they attend, please let us know as this would create capacity.
- Childcare provision will close at 3pm on Wednesday 22nd July. This service will not be available during the summer holidays as we need to complete the building works and prepare the school for September.

Learning from home

- This week is Activities Week and the students are being set a wide range of tasks to work on according to their year group. The work will be sent by email and Show My Homework on Monday so be sure to check both.
- Tutors will be making contact with students and families over the next two weeks by phone as well as email to help start the planning for next year and talk about the work completed during the lockdown period.

Yours sincerely
