

Libraries mean business

East Sussex Library and Information Service

February 2021

Continuing Library Services in Lockdown

Library Services in Lockdown

- You can reserve up to 10 books for free or use our Select and Collect service - pick them up from the front entrance of your local library
- We will automatically extend your loans
- Computers are available for essential use, these must be booked in advance
- The [eLibrary](#) is accessible 24 hours a day
- Home Library Service, delivered to those who are particularly vulnerable throughout the pandemic

These services are available at all 17 libraries within the current reduced [opening hours](#). They are kept under constant review to ensure they are being delivered in the safest way possible.

More information about library services, opening hours and restrictions, is available on our [website](#) or by calling **0345 60 80 196**.

Wranglestone

Zombie thrills combine with an achingly tender gay love story in this unusual debut – the Guardian.

The Bookclub is back, with the Costa nominated [Wranglestone](#) by Darren Charlton.

This February there is unlimited access to the book on our eBook platform, Libby aka Overdrive, no waits and no holds.

If you would like to put your questions and feedback to Darren, or join in the conversation with other readers, visit the [Bookclub](#) page.

Borrowbox

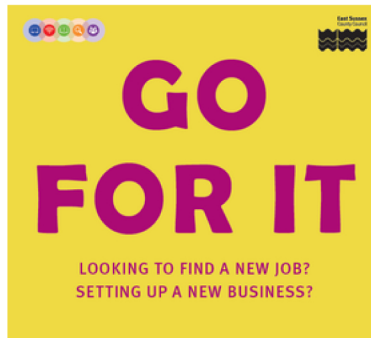

Different platforms have exclusive content. So in addition to Libby, to give you the best range of titles - including The Thursday Murder Club by Richard Osman - we present [Borrowbox](#), our newest audiobook provider.

We have added over 800 new audiobooks to the library - and its all free to use.

Download the app from your favoured app store and log in with your library card number and [PIN](#).

Libraries mean business

Step into 2021 by starting and developing a new business and begin a career that you've always wanted.

There are many ways the Library Service can help new and established businesses, jobseekers and consumers. Visit our new [Business Information webpage](#) for resources to help start, run and grow your business.

There are online directories, eNewspapers and help identifying relevant programmes, initiatives or funding schemes currently on offer.

Virtual Classroom

Has your school booked a virtual visit from our Librarian Team?

We have [resources](#) to help your class go beyond Wikipedia and with a Teachers Membership, schools can borrow books especially chosen to support the curriculum. Select the books and collect from your local library.

Book a virtual visit and we can promote the benefits of reading, give you a virtual library tour, read a story or sing some rhymes.
