HELP US TO PROVIDE THE RIGHT INFORMATION

For Families of Children with SEND

We are **creating a new website** with clear information that is easy to understand and helps people to find information about SEND.

Would you like to help shape East Sussex online SEND information?

To **get the information right** for families of children with **SEND** and those working with them, we need help to:

- Test web pages
- Take part in surveys
- Get involved in focus groups on SEND topics

A few minutes of your time will help to improve information about SEND in East Sussex.
