Dear Parents,

Leadership at Seahaven Academy

After 8 years as Principal of Seahaven Academy, Mrs Pringle has been appointed Head of Littlehampton Academy in West Sussex and will be taking up her post there in September. Under her leadership, Seahaven Academy has made strong progress culminating in its impressive Ofsted inspection earlier this year and, we hope, a set of very good examination results this summer.

We are very grateful to Mrs Pringle for her commitment to Seahaven Academy, in particular over the past two years when she has successfully led the school through the challenges of the Pandemic. I know that students, parents and staff will be sorry to see her go at the end of term and that everyone will wish her well for her new role.

We will now begin an external recruitment exercise to appoint her successor as Principal and are confident of attracting a strong field of candidates to choose from. We will also put in place an interim leadership structure at the school to cover the period before a successor can take up post. We will update parents on this later this term.

Thank you for your continued support of the school and your child's education. May I wish you a happy and successful summer term.

With regards,

Dame Sally Coates
Director of Secondary Education
United Learning
