

Term Four News

NEWSLETTER

As we reach the end of what has been an incredibly busy and vibrant term, I wanted to take a moment to reflect on all the hard work, achievements, and exciting events that have taken place. From academic milestones to extracurricular activities, this term has been filled with opportunities for growth and development for all our students. There has been many wonderful things have happen in such a short term, and you will see that from our newsletter.

We've seen fantastic progress across all year groups, with students showing resilience, enthusiasm, and dedication in their studies. The energy and commitment from both staff and pupils have made it an enjoyable and successful term. As always, your support has played a crucial role, and we are grateful for the partnership we share.

As we approach the Easter break, I hope everyone takes the time to relax, recharge, and enjoy quality time with family and friends. We have more exciting opportunities ahead in the coming term, and we look forward to continuing our journey of learning and growth together. Wishing you all a wonderful Easter holiday!

Mr Newnham-Reeve

Year 11 Final Push Evening

Yesterday we welcomed Year 11 Parents and Students to the school for our Final Push Evening.

The evening was a huge success with almost all the year group attending with their parents.

Mr Oakes presented with a number of top tips to help students reach their full potential.

We really hope that our students will use all the resource that were provided to ensure they succeed in their final exams.

Be Kind. Be Confident. Be Ambitious.

Be Kind.

Community Litter Pick

Our Climate Ambassador students joined in a community litter pick with Gemma and Cathy from Sharing skills. They were also joined by members of the local council.

Our students helped to collect at least two bags of rubbish from the local community around our school, which is part of the 100 bag pledge of the great British spring clean. Gemma and Cathy volunteer with our EcoTeam on a weekly basis in school to share their knowledge with our students.

Iftar

This term we were proud to have organised Iftar for our local community. It was lovely to see so many families attend this celebration together. Iftar is the meal that Muslims eat to break their fast during the holy month of Ramadan; the opportunity for families to connect with one another, learn about different cultural traditions, and experience the joy of breaking fast together.

It was wonderful to see so many student's families attend and bring their friends to celebrate together. We will be looking for more opportunities to celebrate in a similar way to foster an inclusive and supportive school community for all. Thank you to everyone who attended and brought food to contribute to this special occasion.

Be Confident.

United Learning Big Sing

On Tuesday 1st April, a group of our students were very excited to visit the Royal Opera House for a fantastic immersive concert, Everybody Sing The Magic Flute.

The concert was a special event to launch United Learning's collaboration with the Royal Opera House on a new project based on Mozart's opera The Magic Flute.

As part of the project, students across the Group have been working with artists from the Royal Opera House to create a unique performance of the famous opera. With the aim of promoting students' creativity, confidence and collaboration skills, the project has so far seen students learn six songs from The Magic Flute to perform at the launch event. Bringing together 1,700 students from 53 schools, students created a vibrant performance of the opera alongside the Royal Ballet & Opera Orchestra and professional opera singers.

Engage: Brighton & Hove Albion Trip

Mr Anderson and Mrs Brookes took a mixed group of Key Stage 3 students from our Engage Provision to the AMEX for a stadium tour through the Brighton and Hove Foundation. The Foundation work with the ENGAGE students weekly as part of the 'Inspires' programme. They do a mix of groupwork and 1:1 mentoring to support students in boosting attendance and school participation.

Be Confident.

DofE Expedition Training

Year 9 students took part in an expedition training day for their Duke of Edinburgh Bronze Award. In the morning they learned essential expedition skills including how to use a compass and map, what to pack in an expedition rucksack, how to pitch a tent, and how to safely use a camping stove. In the afternoon they embarked on a guided 8km hike through the beautiful Ashdown Forest to practice their navigation skills and learn more about the Countryside Code. The training day instructors were very impressed by the Seahaven students, remarking on their positive attitude, attentive listening and how quick they were to pick up new skills. These year 9 students can now look forward to their expedition camping weekends in June and July!

Ricardo STEM Trip

On the 12th March a group of students visited Shoreham Academy to participate in the ADSC IMechE STEM Event. The students took part in a number of challenges over the day that focused on Science, Technology, Engineering and Maths.

The students were hosted by Ricardo and the IMechE Automobile Division Southern Center in Shoreham. They had to complete a design engineering aerodynamics challenge set by the professionals and competed against a number of schools from across Sussex.

We are extremely pleased to announce that our students one (for the second year in row!) - Well done to our group of students that took part.

Be Ambitious.

Exams, Assessments and Rank Order

This term has seen our Year 11 have their final mock exams and many students came to school to take advantage of the revision area set aside for them in the canteen before school to do some last minute revision, which was led by our teachers.

We are extremely proud of the students' work ethic and the role models they are for the students in the other year groups.

All students this term, received their results from their Mid Year Assessments. Reports were emailed home to parents, as well as students finding out their results in our rank order reveal for Key Stage 3 and Year 10. All students approached the rank order with great maturity and were positive about the process.

We will be writing to parents during Term 5 in preparation of the End of Year Assessments that will be taking place. We hope these results will reflect our students' hard work this year.

Librarian of the Month

We are proud to announce that our librarian of the month is
Tharupiumi from Year 9

Thank you for all your hard work that you do in the school library!

Be Ambitious.

World Book Day and Readathon

This term we celebrated World Book Day with book themed activities, our library was a hive full of literacy based competitions and we also had a readathon. The readathon saw a large number of students read as many books as they could through the month. 20% of the money raised from the readathon will be given to the school to buy books for our School library. We raised £227 for our school library.

Students who also won prizes were:

Shamira in Year 7, Laila in Year 8 and Ben in Year 7.

British Science and Engineering Week

Last week we celebrated British Science and Engineering Week.

Key Stage 3 and Year 10 students took part in a variety of activities to explore themes in science and engineering in with practical based activities.

It was thoroughly enjoyed by the students, as they explored and experienced working as investigative scientist and engineers through their projects and workshops. They gained insights into the work of scientists from fields such as chemical engineering, environmental science and robotics!

Be Kind. Be Confident. Be Ambitious.

Rewards and Golden Ticket Event

Another end of term is upon. and so it can't end without rewarding our students. In end of term year group assemblies this week students have been rewarded for their achievements in the classroom and over 100 students received certificates. Students are continuing to be rewarded for attributes that reflect our school values, Kindness, Confidence and Ambition. This term over 10,000 rewards have been given to students. Each reward means an entry into our golden ticket reward event. Names have been randomly selected for this terms celebrations and students experienced a silent disco party that is being supported by our student leaders.

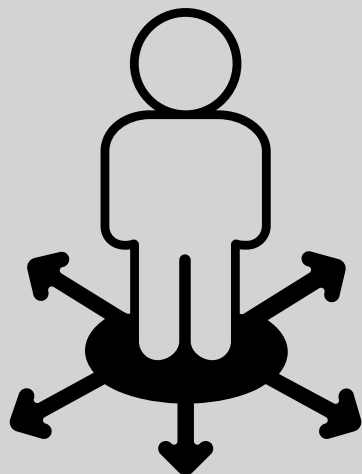

Over 100 students celebrated with us today and to date over 250 have been rewarded through our end of term Golden Ticket Reward Events. We continually monitor the students that are rewarded each time, to ensure we can reward as many students as we can.

Be Kind. Be Confident. Be Ambitious.

Reminders

Dates for your diary

Year 9 Options Evening

The new options booklet has now been shared with Parents and Students. The Options Evening will take place on Thursday 24th April from 5.30-7pm and will give parents the chance to hear about the options process. speak with option subjects and ask questions with members of SLT and teachers. We have a dedicated email address to assist with any options related queries: options@seahavenacademy.org.uk

Year 11 Visual Arts Exhibition

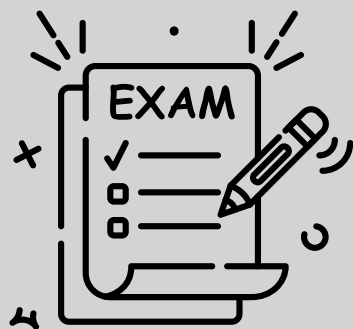

On Thursday 8th May we will be holding an exhibition to showcase the Year 11 GCSE work in Art, Photography and 3D Design. Please add this date to your diary to come and see the work of our students.

Year 10 Parents Evening

Parents Evening will be on the 8th May from 4-7pm and it will run along side the exhibition. Information will be sent out at the beginning of next term regarding the appointments.

School based reminders

Year 11 GCSE Exams

At the start of next term our Year 11 students will be starting their final GCSE exams. An amended timetable will be shared with our students to follow, which will incorporate additional revision sessions to help them be fully prepared for their exams. We would kindly ask all parents to speak with their child about how important it is to be respectful of the Year 11 exams to support success.

Equipment

From next term there will be an increased focus on students being prepared for learning by having the correct equipment. All students will be expected to have a **pen, pencil and ruler** every day for every lesson. Please help by ensuring your child has this equipment.
