

Seahaven Academy

The best in everyone™

Part of United Learning

Dear Parents and Carers,

We are pleased to inform you that we are introducing Unifrog, an award-winning online platform, to support our Year 10 and Year 11 students in making informed decisions about their futures.

Unifrog brings together a wide range of career, university, and apprenticeship information into one user-friendly platform. It is designed to help students explore their interests, develop key skills, and make well-informed choices about their next steps—whether that be further education, training, or employment.

Key Features and Benefits of Unifrog:

- **Comprehensive Careers Library:** Students can explore hundreds of career profiles and learn about the qualifications and skills required.
- **University and Apprenticeship Search Tools:** Compare opportunities in the UK and abroad, including entry requirements and application processes.
- **Skills and Competency Development:** Tools to help students reflect on their strengths and build strong personal statements and CVs.

Access and Login Details:

All Year 10 and 11 students will receive their login details via their school email accounts. I will assist students with logging in over the next few weeks to give students the opportunity to see how the platform works and to ask questions if needed.

We believe Unifrog will be a valuable resource in helping our students make confident and informed decisions about their futures. If you have any questions or would like more information, please do not hesitate to contact careers@seahavenacademy.org.uk

Thank you for your continued support.

Warm regards,

Erin Lever

Careers Manager

Principal: Mr M Newnham-Reeve
